PRE-REGISTRATION ADVISING

Art students must sign up for a pre-registration appointment with their assigned advisor.

Advisors are listed in the top right corner of CAPP (Curriculum Advising and Program Planning) Compliance Reports.

If a student misses their appointment, they must work with their advisor to schedule another meeting. Students cannot register for classes until they have been advised (and released by their advisor).

The art student must complete this form *before* meeting with his/her/their advisor.

Advisors will *not* release a student for registration without this completed form.
