

fall 2014

**Martin
Gundersen**

SEPT 10 @ 4:00 pm

University of Florida
Gainesville, FL

Professor Gundersen will lecture on his research of 'The Florida Moderns': 1950-70. These works of architecture demonstrate a modernist sensibility driven by their immediate environment and shifting national context that developed in the wake of WWII. This lecture will be accompanied by the opening of the 'Florida Moderns' exhibit in the Giles Architecture Gallery.

**Wendell
Burnette**

SEPT 19 @ 4:00 pm

Wendell Burnette Architects
Phoenix, AZ

Wendell Burnette Architects is an internationally recognized and award winning architectural practice whose primary focus is concerned with space and light, context and place, and with the exceptional and ephemeral environments and landscapes in which we live and dwell.

**Jules + Mark
Dingle Sanderson**

OCT 6 @ 4:00 pm

DIGSAU
Philadelphia, PA

DIGSAU is a Philadelphia, PA based architecture and design firm practicing contemporary architecture, urbanism, and environmental design. The practice and work of DIGSAU examines the dualities of merging high tech, innovative construction with low tech, cost-effective solutions.

**Gerardo
Salinas**

Nov 14 @ 4:00 pm

Rojkind Arquitectos
Mexico City, Mexico

Rojkind Arquitectos is a Mexico City based architecture firm whose work spans across a diverse and global platform. Salinas is engaged in implementing and expanding the firm's mission of designing highly experiential, civic-minded spaces; and works to discover new methods and opportunities to expand architectural practice.

spring 2015

**Steve
Badanes**

FEB 27 @ 1:00 pm

Jersey Devil Design/Build
University of Washington, WA

Jersey Devil is a loose-knit group of designer-builders concerned with craft, detail, and attention to the expressiveness of construction materials. Their work is governed by a strong environmental consciousness and provides a critique on conventional practice: both the process of making architecture and the accepted definitions of architecture itself.

**Atmos Energy
Workshop**

MAR 5 ALL DAY

SJARC 5th Year Jackson Center
Jackson, MS

Mississippi State University's School of Architecture and the Mississippi chapter of the American Institute of Architects (AIA) host a CEU energy-related lecture and workshop open to students, professors, regional practitioners, and interested members of the community. This annual event, sponsored by Atmos Energy, consists of a structured workshop with two industry speakers.

**Dan + Gemma Camp
Workshop in
Classical Architecture**
MAR 20-21 ALL DAY

School of Architecture
Mississippi State University, MS

Dan Camp, founder and developer of the nationally recognized Cotton District (a classically-influenced and new-urbanist development in Starkville, MS) has established an endowment to support an annual workshop in classical architecture. Administered by The Institute of Classical Architecture and Art (ICAA), this workshop will explore classical architecture and its impact on the built, social, and economic environments of communities.

**Erin Sterling + Matthew Henning
Lewis Griffith**

MAR 27 @ 4:00pm

in situ studio
Raleigh, NC

in-situ studio is invested in developing relationships with their clients which uncover design solutions that are unique and appropriate to place; believing that every building is to be uniquely situated within its context - formed of specific physical and cultural characteristics. in situ finds pleasure in simple things and endeavors to distill architectural thoughts into a singular, poetic design concept.

**School of Architecture
Recognition Day**

MAY 8 @ 1:00pm

Speaker TBA
